

This Week @ PPPL

VOL. 1 • NO. 7 • MONDAY, APRIL 11, 2011

Colloquium at PPPL This Week

Wednesday, April 13 - 4:15 p.m.

Melvin B. Gottlieb Auditorium

Self-Generated and External Magnetic Field in Inertial Confinement Fusion Implosions

Dr. Riccardo Betti

Princeton University and University of Rochester

[Click here for Abstract](#)

Lynda.com Presentation

Tuesday, April 12 - 4:00 p.m.

Melvin B. Gottlieb Auditorium

Janet Temos, the Director of the Educational Technologies Centers at Princeton University, will present a talk on "Lynda.com" - an online training resource on popular software platforms, web applications, and consumer technology. This service is available free to anyone with a Princeton University netid, and can be viewed on a computer, on an iPhone, iPad, or iPodTouch.

Light refreshments will be provided.

Physics Colloquia on Main Campus This Week

Monday, April 11 - 12:00 p.m.

Joseph Henry Room

Biophysics Seminar: "Chromatin Architecture Dynamics and Long-range Regulatory Control"

Anirvan Sengupta (Rutgers)

http://www.princeton.edu/physics/events_archive/viewevent.xml?id=202

Monday, April 11 - 2:30 p.m.

Bloomberg Lecture Hall

High Energy Theory Seminar: "LHC Status and Results"

Chris Tully (Princeton University)

http://www.princeton.edu/physics/events_archive/viewevent.xml?id=193

Thursday, April 14 - 4:30 p.m.

Jadwin A10

Physics Colloquium: "Ultra-high throughput studies of single cells for quantitative studies of evolution"

David Weitz

http://www.princeton.edu/physics/events_archive/viewevent.xml?id=189

Friday, April 15 - 1:30 p.m.

Bloomberg Lecture Hall

High Energy Theory Seminar: "D-Brane Non-Perturbative Effects and Geometric Deformations"

Anatoly Dymarsky

http://www.princeton.edu/physics/events_archive/viewevent.xml?id=221

Trapping anti-atoms

Scientist to describe top physics breakthrough involving antimatter

Wednesday, April 13 - 8 p.m.

Computer Science Bldg, Room 104
Olden St., Princeton, N.J.

Jonathan Wurtele, a professor of physics at the University of California, Berkeley, will speak on Wednesday, April 13, at 8 p.m. on "Trapping Antihydrogen: An Adventure in Modern Physics." The talk is part of the Program in Plasma Science and Technology Distinguished Speaker Series, supported by PPPL.

What's Happening at GFDL?

<http://www.gfdl.noaa.gov/events>

(Government, University or two other forms of I.D. needed for entry.)

What's Happening on the Princeton University Campus?

Volunteers Needed

COMMUNIVERSITY

Saturday, April 30 - 12 p.m to 5 p.m.

Nassau St., Princeton, N.J.

Come represent PPPL at the annual town-gown festival. *Communiversy*, sponsored by students of Princeton University and the Arts Council of Princeton. See performances, meet local residents, University students, faculty and staff at the cornerstone event of town-gown relations bringing together over 20,000 people annually.

If interested in helping out at the PPPL booth, even for an hour, please contact Pamela Hampton at phampton@pppl.gov. Get the word out about the coolness of fusion!

PPPL has set up a cell phone collection box in the LSB lobby where anyone can drop off their old cell phones for recycling. Cell phones will be donated to the non-profit organization Cell Phones for Soldiers® which uses the proceeds from the recycling to purchase calling cards for US service personnel who are deployed overseas. The Cell Phones for Soldiers® collection is for personal cell phones only and all personal data should be deleted before donating. The collection box will be available until April 30th. For additional info contact Ana Pinto at x2648 or apinto@pppl.gov.

PPPL Café Menu This Week

Entrées - \$5.00

Monday, April 11

Chicken Cacciatore

Tuesday, April 12

Chicken Marsala

Wednesday, April 13

Buffalo Chicken Salad

Thursday, April 14

Oven Roasted Pork Loin

Friday, April 15

FISH FRIDAY! Corn Meal Crusted Catfish
