

# PPPL GUEST WIRELESS NETWORK ACCESS

## EDUROAM PARTICIPATING VISITORS

- If your home institution is a member of Eduroam, you can access that service here using the wireless network [eduroam](#)
- If prompted, provide your full email address and password for your home institution account (Ex: auser@pppl.gov or auser@princeton.edu)
- If asked to trust the security certificate of the network, please review the certificate for authenticity and accept
- Once connected, open a web browser and go to [guest.pppl.gov](#) to accept the one-time acceptable use policy

## OTHER VISITOR WIRELESS REGISTRATION

- The SSID (network name) of the wireless network is [pppl-guest](#)
- Once connected, open a web browser to register your device on the PPPL Network and go to [guest.pppl.gov](#)
  - Please fill in your full name, purpose of visit, the primary location of the device, your sponsor's full name and your email address
- During the registration process, your system will automatically be checked by a brief scan for security purposes
- For all devices, PPPL recommends the following guidelines
  - Maintain a valid and up-to-date Anti-Virus program
  - Ensure all operating system and third-party software patches are up-to-date
- PPPL also does not allow any type of Peer to Peer or file sharing programs on the network

If you're having trouble connecting to the PPPL network, please visit the [Help Desk](#) in room B152 or at extension [x2275](#)
